PROFESSIONAL SUMMARY

Software Engineer Intern and Computer Engineering student (SSUET, CGPA 3.72) with internship experience in Unity game development, Shopify e-commerce development, full-stack web development and CRM automation. Developed 15+ Unity/C# mobile games, 9 published on the Apple App Store, and currently build Shopify storefronts for Razab Inc., a U.S.-based retail brand. Skilled in JavaScript, Node.js, React.js, Python, C#, Java, REST APIs, SQL, QA testing and Git.

PROFESSIONAL EXPERIENCE

Software Engineer Intern | **Razab Inc.** | Plano, Texas, USA (Remote) | *Aug 2026 – Present*

- Redesigned the Razab Inc. Shopify storefront and built an email-signup popup with a 10% discount and automatic coupon delivery.
- Building The Boring Hangers' Shopify site with merchant-editable Liquid sections and plastic and velvet hanger product pages.
- Created and managed Shopify product listings, and designed product and marketing images, including AI-assisted product photography.
- Performed QA testing on features and site updates before release, and coordinated tasks and project timelines across the team.

Game Developer Intern | **AIRIDEV** | Pakistan (Remote) | *Jun 2026 – Present*

- Developed 15+ 2D mobile puzzle games in Unity and C#, 9 of them published on the Apple App Store.
- Engineered gameplay systems (grid mechanics, enemy waves, level progression, win/lose states), UI screens and pause/resume flows.
- Tested Android APK and iOS builds, fixing gameplay and UI bugs before store submission.

Associate CRM Consultant | **Techwaresoft** | Sharjah, UAE (Remote) | *Aug 2026 – Oct 2026*

- Automated workflows, task assignment and inventory management in Bitrix24 CRM, reducing manual work for client teams.
- Designed and launched the Versale Laga website on Bitrix24 for Smart IT Solution.

Software Engineer Intern | **Pakistan Space and Upper Atmosphere Research Commission (SUPARCO)** | Karachi (On-site) | *Jun 2026 – Jul 2026*

- Contributed to a real-time staff monitoring system using Flutter, Node.js, Express.js and REST APIs, with live location tracking and a web dashboard deployed on Vercel.
- Supported debugging, API testing and technical documentation with the project team.

PROJECTS

- **Razab Inc. Website Redesign** (Shopify, Liquid, HTML, CSS, JavaScript): redesigned a U.S. kitchenware brand's storefront with custom sections and a discount signup popup.
- **The Boring Hangers Website** (Shopify, Liquid, in progress): building the sub-brand's store with dynamic theme sections and dedicated product pages.
- **Chroma Seal** (Unity, C#, App Store): real-time puzzle placing limited barrier walls to keep expanding colors apart.
- **Pulse Architect** (Unity, C#, App Store): circuit puzzle with branching energy paths, sequenced machine activation and timed paths.
- **Guard the Bubble** (Unity, C#, App Store): 2D puzzle-defense game with grid shield placement and enemy waves.
- **Smart Step Quest** (Unity, C#, App Store): memory puzzle on a hidden 5x5 grid with trap tiles, lives and 4 levels.
- **Thread & Needle and Resonance** (Unity, C#, personal): two mobile puzzle games with fully code-built, responsive UI.
- **AI File Organizer Agent** (Python): sorts files by extension into auto-created category folders.
- **AI Resume Analyzer and ATS Matching System** (Python, Flask, spaCy, SQL Server): ATS scoring, skill extraction, recruiter dashboard.
- **Staff Monitoring System** (Flutter, Node.js, Express.js, REST APIs): live location tracking from a mobile app to a web dashboard.

SKILLS

Languages: JavaScript, Python, C#, Java, C, C++, SQL
Game Development: Unity, 2D and Mobile Game Development, Gameplay Programming, UI Systems, App Store Publishing
Web and Mobile: React.js, Node.js, Express.js, Flask, REST APIs, HTML5, CSS3, Bootstrap, Flutter, Android Studio
E-commerce and CRM: Shopify, Liquid, Theme Development, Product Management, Bitrix24 CRM, Workflow Automation, Inventory Management
Databases and Tools: SQL Server, MySQL, Firebase, Git, GitHub, VS Code, Vercel, QA Testing, Debugging, API Testing
Concepts: OOP, Data Structures and Algorithms, Machine Learning Basics, Cloud Computing (Microsoft Azure)

EDUCATION

BS Computer Engineering | Sir Syed University of Engineering and Technology (SSUET), Karachi | *Oct 2023 – Present* | CGPA 3.72/4.00 | 7th Semester
Intermediate (Computer Science) | Govt. Gulshan Degree College | *2021 – 2023* | 81% | **Matriculation (Science)** | North Star Public School | *2019 – 2021* | 84%
